Retrieve the reBounced tennis balls and play on court

ALL BALL TYPES

10 years & millions of balls later, the Green Tennis Machine is the world's only proven and patented tennis ball re-pressurizing system. Green Tennis Machines are currently used at schools, universities, clubs, and academies across the USA and the World!

- ▶ 60 ball capacity = 6,000+ tennis balls repressurized per year.
- ▶ 45 day payback: \$60 annual operating cost.
- ▶ Balls can be repressurized multiple times. Recharge time 2 1/2 - 3 days for regular balls, 2 days for Green and Orange, and 1 day for Red.
- ▶ Safe and easy to use. Store it inside or out. Weighs 10 pounds.
- ▶ Great for ball machines (we sell those too). Keep balls fresh.
- ▶ Clients typically save over 50% on practice ball budgets. Some eliminate budgets completely.
- ▶ Go Green! Reduce tennis ball and associated packaging waste!

We gladly accept POs. Questions? Ready to order? Call us direct at (501) 256 6418
